Гуцульщина
національний природний парк

National Nature Park "Hutsulshchyna" actively hosts servicemen in the rest and rehabilitation camp "With love in heart" for ATO fighters. For the defenders in the national park is provided recreational horse-riding, which plays a very important role in their rehabilitation.

«Active parks — locations of a healthy Ukraine».

Синевир
національний природний парк

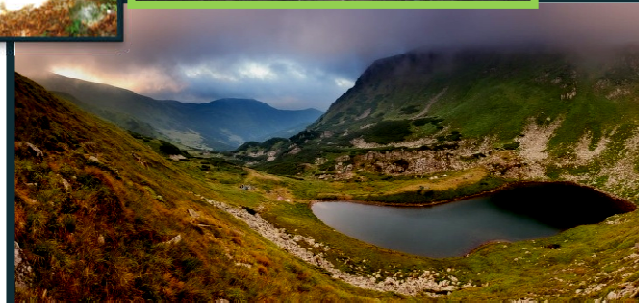

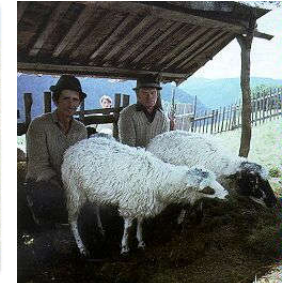

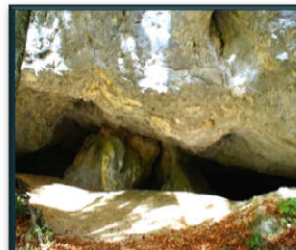

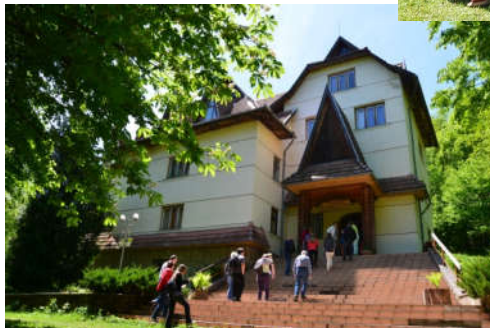

Employees of the Synevyr National Nature Park provide support to soldiers returning from the front and their families, have introduced free visits to interesting places, tourist hikes and meaningful rest in the park

NATURAL and CULTURAL VALUES of the CBR

- European biggest primeval forests;
- Highest peaks of Ukrainian Carpathians;
- Alpine highland lakes;
- Unique biodiversity;
- Famous Valley of *Narcissus*;
- Karst limestone caves, cliffs and arches
- Beautiful waterfalls

- Center of Europe
- Unique local Hutsul culture and traditions, polonyna farming
- Well-developed recreational infrastructure:
- Network of visit centers
- The unique Museum of Mountain Ecology

THANK YOU FOR YOUR ATTENTION!
